Courses included in the PACE I Starter plan

5 Courses
21.0 hours/PDUs

All courses can be used to earn training hours required as part of CAPM®, PMP®, and PgMP® exam eligibility and recertification purposes.

For anyone already holding the PMP® credential, ALL courses offered by Point Advantage are registered with PMI® and get reported as Category 3 PDUs (no limits like other PDU categories).

The Enabling Leader (5 Hrs/PDUs)

Actively seek what motivates your team members and use this knowledge to empower them. Learn strategies and techniques for creating a collaborative work environment, as well as guidelines for facilitating critical thinking.

Communicating as a Leader (4.5 Hrs/PDUs)

A leader delivers clear messages, asks the right questions, listens, and works with people to resolve conflicts. Identify ways to correct performance problems and conflicts, determine the appropriate course of action and select the best form of communication.

Leading Virtual Teams (5 Hrs/PDUs)

Virtual work environments are a growing trend, prompting the need for effective communication standards. To ensure our work and projects can be successfully accomplished, learn ways to enhance communications and instill a feeling of inclusion for everyone working - whether onsite or remotely.

Effective Team-building Strategies (4 Hrs/PDUs)

This course focuses on effective team-building strategies. Learn ways to define and set team goals, strategies to build teams, techniques to spark creativity, and strategies for increasing team unity.

Risk Strategies: The Cutting Edge (2.5 Hrs/PDUs)

Balance risk-taking by factoring in the business, the people, creativity, and integrity. Learn how to create urgency, recruit talent, empower work teams, build trust, and use continuous learning to improve business results.
